Automatic High Quality Side Sealing Machine Price : 4,95,000/- INR

Packaging & Delivery

Packaging Detail: wrap up by stretch film and wooden box

Delivery Detail: 2months

Specifications

This machine for folding and sealing sheet film(PP PE) to run in -line with the machine.

- 1.Frequency converter
- 2.high speed

Brief Description :

Purpose: suitable for folding single sheet film and heat side sealing to tube film

Material: plastic film PE/LDPE/HDPE/ CPP/BOPP/POF etc.

Machine function

1. Film folding
2. Side sealing device
3. E.P.C

技术参数 Technical Parameter

Specification	Model	
	RB-500	RB-500
制袋宽度 Max.Width of bag making	500	600
放卷直径 Diameter of unwinding roll	Φ600mm	Φ600mm
封切厚度 Thickness of welding-cutting	0.02-0.1mm	0.02-0.1mm
机械速度 Max.Speed	30-60m/min	30-60m/min
整机功率 Power Required	2900*1350*1560mm	2900*1550*1560mm
设备尺寸 Machine size	750kg	850kg
机器重量 Machine N.W		

Appliance configuration

- Side sealing control by pneumatic control
- Unwinding tension control
- Wrap-up adopt tension control
- Use Taiwan invertor control feeding speed
- Can optional air shaft
