### Car OBD GPS Tracker FOB 25\$

### Packaging & Delivery

Packaging Detail: 1pc/gift box;48pcs/ctn

Delivery Detail: 1-2 days for sample, 10-15 days for bulk order

### Specifications

- 1.Tracker for OBD + J1939
- 2.Mileage Statistic
- 3.Maintenance remind
- 4.History trips playback
- 5.Speeding,braking, SOS alar

### [ Super cheap car and truck OBD GPS tracker ]

IDD-213G, it is [Car diagnostic scanner for J1939 commercial car](#) , it can read [car engine parameters](#) from car ECU like car fault codes, fuel consumption, RPM, ECT, MAP,etc.

External GPS is optional for real-time [monitoring car location and gps tracking](#).

All location and OBD diagnostic info. will be sent to Google map web-based software, Andriod, iOS app by GPRS.

---

## Application

---

- Fleet management and Vehicle Tracking
- Car service shops/car dealers
- Insurance company
- Car rental company

---

## Functions

---

### **Plug-and-Track**

### **GPS and GSM(LBS) Tracking**

### **Real-time Tracking**

Track by SMS/GPRS TCP&IP

### **Mileage Statistic**

24,000 GPS data storage

### **Google Map link SMS reply**

Safety/Economic Driving Analysis

Track by time interval

Freeze Frame Data

SMS/Email Alarms remind

Vehicle battery Monitor

Ignition on/off Detection

Three-axis G-sensor

Fuel Consumption Report

Location Report

Trips Report

Sharp turn Alarm (option)

Quick lane changing Alarm (option)

Collision Alarm (option)

RFID Reader (option)

OTA

**All Standard OBD II/EOBD vehicles  
Compliant**

**J1939 and J1708 Truck, Bus  
Compliant**

Diagnostic Trouble Code Scanner

### **Fuel Consumption**

Vehicle Speed

RPM

PIDs Monitoring

Engine Coolant Temperature

Unplug Alarm

Speeding Alarm

Hard acceleration Alarm

Hard deceleration Alarm

Fatigue driving Alarm

High ECT Alarm

High RPM Alarm

Hard braking Alarm

Low power Alarm

Idle engine Alarm

Illegal Towing Alarm

Geo-fence Alarm

### **SOS button / GPS error Alarm**

Excessive Exhaust Emission Alarm

---

## Parameter

---

<b>Mechanical</b>	<b>Size</b>	63mm (L) x 50mm (W) x 28mm (H)
	<b>Weight</b>	50g
<b>Data transmission</b>		GPRS/SMS
<b>Storage</b>		2MB FLASH, up to 24,000 GPS data storage
		SAE J1850 PWM
<b>OBD protocol</b>		SAE J1850 VPW
		ISO 9141-2
		ISO 14230-4
		ISO 15765-4
<b>Working Voltage</b>		SAE J1587/J1708/SAE J1939
		<b>9-36VDC</b>
<b>Backup battery</b>		3.7V/120mAH
		Channels: 50
<b>GPS</b>		Sensitivity: -160dBm
		Accuracy: 5m CEP
<b>GSM</b>		Frequency: 850/900/1800/1900MHz
		Network protocol: Embedded TCP/IP stack
<b>3 axis Accelerometer</b>		+/-2g, +/-4g, +/-8g, +/-16g, driving behavior detection
<b>Certification</b>		FCC/CE/E-mark/Design Patent

---

# OBD Tracker Advantages

Compared with Common GPS Tracker

## ➤ \$0 INSTALLATION COST PLUG-AND-TRACK DEVICE

No wiring connection, no need any labor cost. Even if a 5 years old child knows how to install it.

Device would work once plugged into the vehicle OBD II Port.

## ➤ MONITOR DRIVING BEHAVIOR

Inspect how well the driver 's driving performance to have more better safety driving and avoid fuel waste.

## ➤ RICH AND HELPFUL ALARMS

High RPM/High Speed/Low voltage /High engine coolant temp./Hard acceleration/Hard deceleration/Sharp turn/Quick change lane /Crash/Idling engine/Fatigue Driving/Towing /High exhaust emission/Power on/Power off

## ➤ ACCURATE MILEAGE AND FUEL CONSUMPTION STATISTICS

Calculating accurate mileage and fuel consumption directly through car engine instead of GPS speed.

## ➤ CHECK CAR ECU CONDITION AND DIAGNOSTIC DTCS

Easily know well of your car running condition and real-time read running data and DTCS to make you as a personal doctor for your car
