All these models print on white and black T-shirts.

Printing Process:

1)Use Textile Solvent Inks to print on T-shirts and other textile. (need not coatings)

This is the printing procedure(white T-shirt)

- 1,edit the picture on computer
- 2,position the T-shirt on platform
- 3,choose and edit photo on computer
- 4,start printing
- 5,heating the T-shirt to fix ink on t shirt

(2)To print on black T-shirts / textile,you should also go with White ink and RIP software

- 1,edit the picture on computer
- 2,position the object on platform
- 3,choose and edit photo on computer
- 4,printing white ink first (use RIP software)
- 5,printing color ink
- 6,heating the T-shirt to fix ink on t shirt
