A 18, 5th Floor, Ajanta Complex, Nr. Income Tax, Ashram Road, Ahmedabad-380014.

Brand name	OEM
Description	Non-pressurized solar water heater
Material of inner tank	Food grade SUS 304-2B stainless steel, 0.35mm thickness
Inner tank diameter	Ø360mm
Material of outer tank	Draw bench silver steel (PVDF) with thickness of 0.4mm
Outer tank diameter	Ø460mm
Tank insulating layer	55mm high-density polyurethane foamed
Foam pressure	38kg/m3 minimum
Heat reservation	72 hours
Material of cover	High quality galvanized steel 0.4mm - black color
Inlet and outlet pipe	Male G 3/4" screw, SUS 304-2B stainless steel, 2mm thickness
Electrical heater hole	1.25" screw, SUS 304-2b stainless steel
Structure of tank	5 holes: air vent/water inlet /water outlet/magie hole/electrical heater hole
Vacuum tube type	3 target tube AL-N-AL/SS/CU coated
Outer Glass Tube Diameter	Ø58mm
Inner Glass Tube Diameter	Ø47mm
Length of the Vacuum Tube	1800mm
Thickness of the Glass Tube	1.6mm
Buyer's trade mark printing	Vacuum tube/outer tank/cover
Material of bracket	High quality galvanized steel 1.5mm - black color
Structure of bracket	Flexibility for flat or slope roof
Angle of bracket	28 degree
Screw for bracket	SUS 202 stainless steel 8mm diameter
Screw for reflector	SUS 202 stainless steel 8mm diameter
Seal	High quality silicone rubber polymer
Box marking	As buyer's brand name

Price

Tubes quantity	15	30	50
