Nylon Zipper Making Machine Price: 3,66,000/- INR

Specifications

Function: nylon zipper teeth spiral forming
Material: nylon monofilament, core line
Impetus: motor 2HP heating tube: 1500w

nylon zipper making machine

Specification

Model number: HKT-0502

Function: nylon zipper spiral forming

Material: nylon monofilament, core line

Appliance measurement: 96cm (length)*98cm (width)*160cm (height)

Packing measurement: 110cm (length)*100cm (width)*180cm (height)

Floor space: 1.5m*1.5m/set

Impetus: motor 2HP heating tube: 1500W receiving motor: 6W

Net weight: 305kg

Gross weight: 350kg

Average yield

Specification	Production(yard/hour)	Rotating speed
#3	190-210	2400
#4	230-250	2400
#5	240-260	2300
#7	250-270	2200
#8	230-250	1940
#9	180-200	1150
#10	150-170	930

Features:

1. High production value, low noise and stable quality.
2. Each component parts easy to maintain. While out of nylon monofilament and core line, big difference between right and left zipper teeth, winding screw, the machine will stop running and send a warning by over than 100 decibel sound.
3. Large feeding device that can bear the weight of 25kg or more, also we can change design according to client's requirement.
4. Centerline feeding device can bear the weight of 5kg. And design for smooth, friction-free, make the chain elastic and steady.
5. With high quality nylon monofilament can produce flat and straight zipper, and zipper won't curl after staining. Changing few parts switch the item, low costs, and dual-feeding device to improve the stability of chain teeth.
