Solar Street Light cost 150 \$ FOB per Unit
Install one unit per 150 meter for batter result on both side of road as under indicated pictures

Packaging & Delivery

Packaging Detail: Carton box with verneer frame, pallet

Delivery Detail: 1 to 15 working days

Specifications

80W solar street light price

CRI>80Ra;

100,000h;

Pf> 0.99; CE, RoHS, FCC, ISO9001

5 y guarantee

80W solar street light price details:

1. 5 year guaranteed, no maintenance required, lifespan: 100000 hours
2. power factor > 0.99
3. CRI > 80Ra
4. luminous efficiency >80lm/w

- 5. CCC, CE, ROHS certificated;
- 6 Voltage: 24V
- 7. Main frequency: 230KHz; input frequency: 50Hz/60Hz
- 8. Color temp: 2700k,3500k,4000k,5000k,6500k
- 9. Power: 40W-300W
- 10. 30%-50% energy saving

40-80W solar street light price specification:

- 1. die casting aluminum lamp shade, with high tempered glass bottom cover, ensure high light transmission;
- 2. mirror reflector to ensures high lighting efficiency;
- 3. aluminium lamp shade,with solid, rustproof and durable,waterproof, IP65;
- 4. High Temp. Resistant gas-tight silicon rubber seal, IP65 rating;
- 5. lamp and ballast set features with high power factor, excellent color rendering index and stable output, usually 40W-80W is applied;
- 6. Protection for ballast from short-circuit, open-circuit and defective lamp.

solar power street light application:

street,high way,public area etc.

Production Flow					
No	Production Process	No	Production Process	No	Production Process
1		2		3	
	Induction lamp Exhaust		Power Test		Dryer
4		5		6	
	Parts Assembly		Power-on Test		Induction Lamp Aging Test
